

FACULTY OF ARTS AND LETTERS

DEGREE COURSE: FASHION AND DESIGN BA

SUBJECT: DRAWING 3

LECTURER: GIAMPIERO MELE

Email: giampiero.mele@uniecampus.it

OBJECTIVES

This course aims to define the training in drawing, intended as a tool to the imaginary description. It is the continuum of Drawing 1 and 2, it is therefore necessary to acquire the knowledge provided by those courses in order to take this exam.

Learning objectives:

1. To learn the rules of three-dimensional design (perspective and theory of shadows), graphic techniques and the characteristics of each of them;
 2. To improve knowledge of different graphic techniques and colour theory;
 3. To observe, to model, to learn and to modify fundamental geometric forms;
 4. To observe, to model, to learn and to modify the human figure;
 5. To observe, to model, to learn and to modify fashion accessories.
-

CONTENTS

The series of theoretical and practical skills presented will include the following topics:

1. Theory and measurement of colour;
 2. The polyhedra;
 3. Proportions of the human body;
 4. Design of fashion collection;
 5. Jewelry design.
-

ASSESSMENT

Written exam: Multiple choice and open questions.
